\*1 The number of shares to be offered and total offer price include the offer by way of over-allotment. The number of shares to be offered, the number of shares held after the Secondary Offering, and the respective shareholding ratios assume that the green shoe option is fully exercised.

\*2 Shareholding ratios indicate the ratios of the number of shares to the total number of shares outstanding (excluding treasury stock) of 4,741,145,170 as of March 31, 2020, as reported by SB in its Annual Securities Report for the year ended March 31, 2020.

### **3. Impact on SBG's consolidated financial results**

SBG expects to record the proceeds from the Secondary Offering of JPY 1,058,045 million in the consolidated financial statements for the six-month period ending September 30, 2020. The amount is the sum of (A) an amount calculated by multiplying 624,212,200 shares, the total number of shares to be offered in Japanese offering through purchase and underwriting by the underwriters as specified in "1. Summary of the Secondary Offering," by the net proceeds of JPY 1,179.85 per share in such Japanese offering, and (B) an amount calculated by multiplying 269,754,300 shares, the total number of shares to be offered in the international offering through underwriting by the international underwriters as specified in "1. Summary of the Secondary Offering," by the net proceeds of JPY 1,192.08 per share in such international offering. The proceeds exclude the amount of the proceeds to be received if the green shoe option is exercised (JPY 158,622 million if fully exercised).

Since SB will continue to be a subsidiary of SBG following the Secondary Offering, an amount equivalent to the after-tax gain on the offering will be recorded as capital surplus in the consolidated statement of financial position. In addition, due to the use of loss carryforwards, to which deferred tax assets has not been recognized, against the gain on the offering of SB shares generated at SBGJ, a reduction in income taxes will be recorded as a positive effect on net income. The amount of such effect will be disclosed when necessary.
